

ANUP KATUWAL

Data Analyst · NLP Researcher · Python Automation

Kathmandu, Nepal | +977 9745947888 | katuwalanup@gmail.com | linkedin.com/in/anupkatuwal1989 | github.com/anupkatuwal | anup-katuwal.com.np

SUMMARY

Master's graduate in Computer Information Systems (CGPA 3.71) starting out in data analytics and data engineering. Hands-on project experience with Python, SQL, ETL pipelines, NLP, and AI-driven automation, including an IEEE-format Master's thesis on bias mitigation in mental-health sentiment analysis. Open to Data Analyst, Data Engineering, and Analytics roles.

EXPERIENCE

Graduate Researcher — Master's Thesis

Sep 2020 – Apr 2026

NCIT, Pokhara University · Kathmandu, Nepal

- Built RMH-Bias-10K: 10,000 human-annotated Reddit mental-health posts with demographic metadata (gender, dialect, crisis severity).
- Fine-tuned BERT with adversarial debiasing and counterfactual augmentation (FairBERT): 84.0% accuracy, macro-F1 0.688, ROC-AUC 0.843 on the test set.
- Reduced mean demographic parity difference by 35.4% and dialect DPD by 79.8% (0.327 → 0.066) versus vanilla BERT; wrote the thesis in IEEE format.

Consultant Supervisor

Jan 2021 – Jul 2022

Bhatta IT Consultancy Services (Remote — Austin, TX)

- Supervised junior developers on Java and Spring Boot projects.
- Code review, mentorship, and pair-programming to improve team quality.

Teaching Assistant — Database Management Systems

Feb – Sep 2018

College of Applied Business · Kathmandu, Nepal

- Conducted MySQL lab sessions: SQL queries, schema design, normalization.
- Supported students with coursework, assessments, and exam preparation.

Assistant Manager

2012 – 2016

Fine Dining Italian Restaurant · Denver, CO

- Operations, team management, and front-of-house service.

KEY PROJECTS

Food Order ETL Pipeline

MySQL · Python · Star Schema · GitHub Actions

github.com/anupkatuwal/food-order-etl-pipeline

- End-to-end ETL: CSV → MySQL staging → stored-procedure transforms → star schema warehouse (fact_orders + 4 dimensions) → HTML dashboard; 20 automated tests, CI/CD.

Bias-Aware Mental Health Sentiment Analysis

Python · BERT · HuggingFace · Scikit-learn

github.com/anupkatuwal/bias-aware-sentiment-analysis-mental-health

- Thesis codebase: fine-tuned BERT on 10,000 Reddit posts; 84% accuracy, macro-F1 0.688; 35.4% mean demographic-parity reduction.

AI Daily Briefing

Python · Claude AI · Gmail API · GitHub Actions

github.com/anupkatuwal/daily-briefing

- Automated morning briefing across multiple Gmail accounts, calendar, and news; reply-driven email actions; runs serverless on a schedule.

Upwork Proposal Automation Agent

Python · Claude API · Google Docs API

github.com/anupkatuwal/upwork-proposal-agent

- Reads job listings and generates tailored proposals; cuts proposal time from ~20 min to under 2 min.

SKILLS

Programming & Data: Python, Pandas, NumPy, SQL, MySQL, Java

Data Engineering: ETL Pipelines, Star Schema, Data Warehousing, Stored Procedures, GitHub Actions

AI / NLP: BERT, HuggingFace Transformers, Scikit-learn, Fairness Metrics, Claude API

Analytics & Viz: EDA, Excel, Power BI, Data Cleaning

Web & Cloud: React, FastAPI, PostgreSQL, Vercel, REST APIs · **Tools:** Git, Jupyter, VS Code

EDUCATION

Master of Computer Information Systems (MCIS) — NCIT, Pokhara University · Sep 2020 – Apr 2026 · CGPA 3.71

B.Sc. Computer Information Systems — Columbia College, Denver, CO · 2010 – 2014 · GPA 3.34

CERTIFICATIONS & TRAINING

Training (In Progress): Advanced Data Analysis with Python — Broadway Infosys (started May 2026)

Certifications: Google Data Analytics — Coursera (6/9, In Progress) · Intro to Generative AI — Google Cloud · Python for Everybody — U of Michigan · Building Modern Java Apps on AWS · AWS Cloud Technical Essentials · Intro to Business Analysis — Coursera

Languages: Nepali (Native) · English (Fluent)
