

ANUP KATUWAL

Data Analyst · NLP Researcher · Python Automation

Kathmandu, Nepal | +977 9745947888 | katuwalanup@gmail.com | linkedin.com/in/anupkatuwal1989 | anup-portfolio-one.vercel.app

SUMMARY

Master's graduate in Computer Information Systems (CGPA 3.71) with hands-on experience in Python, SQL, NLP, and AI-driven automation. Published IEEE-format thesis on bias mitigation in mental-health sentiment analysis using BERT. Open to work in Data Analysis, Business Analytics, and AI Automation roles.

EXPERIENCE

Graduate Researcher — Master's Thesis

NCIT, Pokhara University · Kathmandu · 2022 – Apr 2026

- Fine-tuned BERT on 52,000+ Reddit mental-health posts; achieved 84% F1-score.
- Reduced demographic parity gap by 56% ($\Delta DP: 0.211 \rightarrow 0.098$) using fairness-aware techniques.
- Published IEEE-format research paper on bias mitigation in NLP.

Consultant Supervisor

Bhatta IT Consultancy Services (Remote — Austin, TX) · Jan 2021 – Jul 2022

- Supervised junior developers on Java and Spring Boot projects.
- Code review, mentorship, and pair-programming to improve team quality.

Teaching Assistant — Database Management Systems

College of Applied Business · Kathmandu · Feb – Sep 2018

- Conducted MySQL lab sessions covering SQL queries, schema design, and normalization.
- Supported students with coursework, assessments, and exam preparation.

Assistant Manager

Fine Dining Italian Restaurant · Denver, CO · 2012 – 2016

- Operations, team management, and front-of-house at a fine dining venue.

PROJECTS

Bias-Aware Mental Health Sentiment Analysis Python · BERT · HuggingFace · Pandas · Scikit-learn

Fine-tuned BERT on 52,000+ Reddit posts. 84% F1-score. 56% bias reduction. IEEE-format paper.

AI Daily Briefing Python · Claude AI · Gmail API · Google Calendar API · GitHub Actions

Automated assistant that emails a morning briefing of emails, calendar events, and news. Replies trigger Claude to act on email on your behalf.

Upwork Proposal Automation Agent Python · Claude API · Google Docs API

Agent that reads job listings and generates tailored proposals. Cuts proposal time from 20 min to under 2 min.

Personal Portfolio Site React · Vite · FastAPI · SQLite · JWT · Vercel

Full-stack portfolio with admin panel, dark/light theme, and serverless deployment. anup-portfolio-one.vercel.app

SKILLS

Programming & Data	Python, Pandas, NumPy, SQL, Java, Spring Boot
AI / NLP	BERT, HuggingFace Transformers, Scikit-learn, Fairness Metrics, Claude API
Analytics & Viz	EDA, Tableau, Excel, Data Cleaning, Feature Engineering
Web & Cloud	React, Vite, FastAPI, AWS, Vercel, REST APIs
Tools	Git, Jupyter, Google Colab, VS Code, GitHub Actions

EDUCATION

M.C. Information Systems (MCIS)

NCIT, Pokhara University · 2022 – 2026 · CGPA 3.71

B.Sc. Computer Information Systems

Columbia College, Denver CO · 2010 – 2014 · GPA 3.34

CERTIFICATIONS & TRAINING

Training (In Progress): Advanced Data Analysis with Python — Broadway Infosys (May–Aug 2026)

Certifications: Google Data Analytics (6/9, In Progress) · Intro to Generative AI — Google Cloud · Python for Everybody — U of Michigan · Building Modern Java Apps on AWS · AWS Cloud Technical Essentials · Intro to Business Analysis — Coursera

LANGUAGES

Nepali (Native) · English (Fluent)
